Lynne Caffin Manager, Administration and Human Resources
Samantha McCracken Manager, Programs & Services - Cobourg
Danielle Roberts Manager, Program Integrity, Children's Services
Tim Strong Manager, Financial System

# MESSAGE FROM BOARD CHAIR AND CEO

2020 began with excitement about the prospects of the year ahead. YMCA Northumberland was experiencing growth in both Child Care and Health, Fitness and Aquatics Membership. Our Board of Directors and Senior Leadership Team were engaged in a strategic planning process to identify key strategic goals to guide the work of our YMCA for the next several years. A funds feasibility study had just concluded, providing valuable information about support from communities throughout Northumberland for growth and expansion of YMCA programs and services.

The onset of the Covid-19 pandemic early in 2020 required our YMCA, much like other businesses and organizations, to reset, reevaluate and reinvent our plans. Our top priority became continued relevance in the face of rapidly changing community needs and responsible stewardship for our association and its assets, both physical and human.

The closure of all YMCA Northumberland facilities in March of 2020 was a devastating and never before seen development. Not being able to deliver programs and services or connect with people in the traditional ways felt like overwhelming adversity for our YMCA, but that was quickly resolved. Even when our doors were closed, our work would continue, and our dedication to delivering on our mission would never falter.

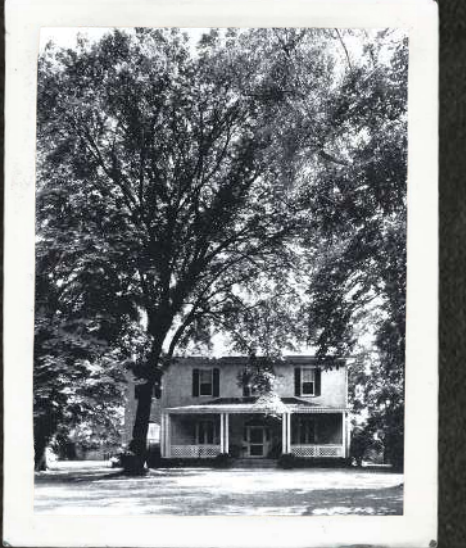

'Pivot' became an important word as we worked to adapt our programs, services, priorities, and delivery methods. Using technology, creative solutions and a tremendous amount of adaptability and commitment, our team worked to create meaningful and impactful opportunities to serve our communities.

Emergency Child Care was offered to ensure essential workers had a safe and enriching program for their children while they went out to serve. Programs were adapted to virtual delivery to ensure continued engagement, connection and commitment to health was possible for our participants. Consultation and collaboration with other organizations led to identification of gaps in community services, and opportunities to serve our communities in new ways, such as addressing food security, being part of a solution to serve individuals who are homeless, and above all else, demonstrating kindness, commitment to service leadership and compassion in any way possible.

When the time came, we reopened our facilities with new guidelines and practices that focused on our commitment to keeping people safe, while still maintaining the essential human elements that make YMCA programs successful. Important lessons were learned about what is really at the heart of our YMCA when you strip away facilities, lesson plans and equipment, and we are forever grateful for the people who are at the heart of what we do.

Looking back on 2020, we are moved by the incredible strength of the extended YMCA family that we have in Northumberland. 2020 has been one of, if not the most difficult years in the history of our YMCA, but the outpouring of compassion, generosity, and commitment that we have received from our members, donors, program participants, volunteers, board members, staff, and partners has been nothing short of remarkable. It is this commitment that gives us inspiration and confidence as we embark on 2021 and work to rebuild our strong communities.

*"Start by doing what's necessary; then do what's possible; and suddenly you are doing the impossible."*  
-Francis of Assisi

## A HISTORY FOR THE FUTURE

*150 years of service in the community is a foundation and strength moving forward.*

## "SPIRIT, MIND AND BODY"

*In 1891, Luther Gulick introduced the red triangle of the YMCA. Each side of the triangle represents an essential part of every person: their spirit, mind and body. The YMCA, maintains that all three play an integral role in a person's health, and we design our programs and services with this holistic view in mind.*

### THE HISTORY OF THE Y LOGO

**1881** - The Ninth Conference in London approves the first Y logo, which highlights Y values by featuring a reference to John 17:21: "That they may all be one ... as We are one."

**1891** - Luther H. Gulick, M.D., proposes a red triangle as the Y symbol. The equal sides of the triangle stand for "man's essential unity, body, mind and spirit, each being a necessary and eternal part of man, he being neither one alone..."

**1895** - The annual convention of the U.S. and Canadian Ys authorizes adding the triangle to the old World Alliance Insignia.

**1896** - The logo is simplified and a second ring is added. It is said the second ring represents friendship and love without end among individuals. This remains the Y's official emblem.

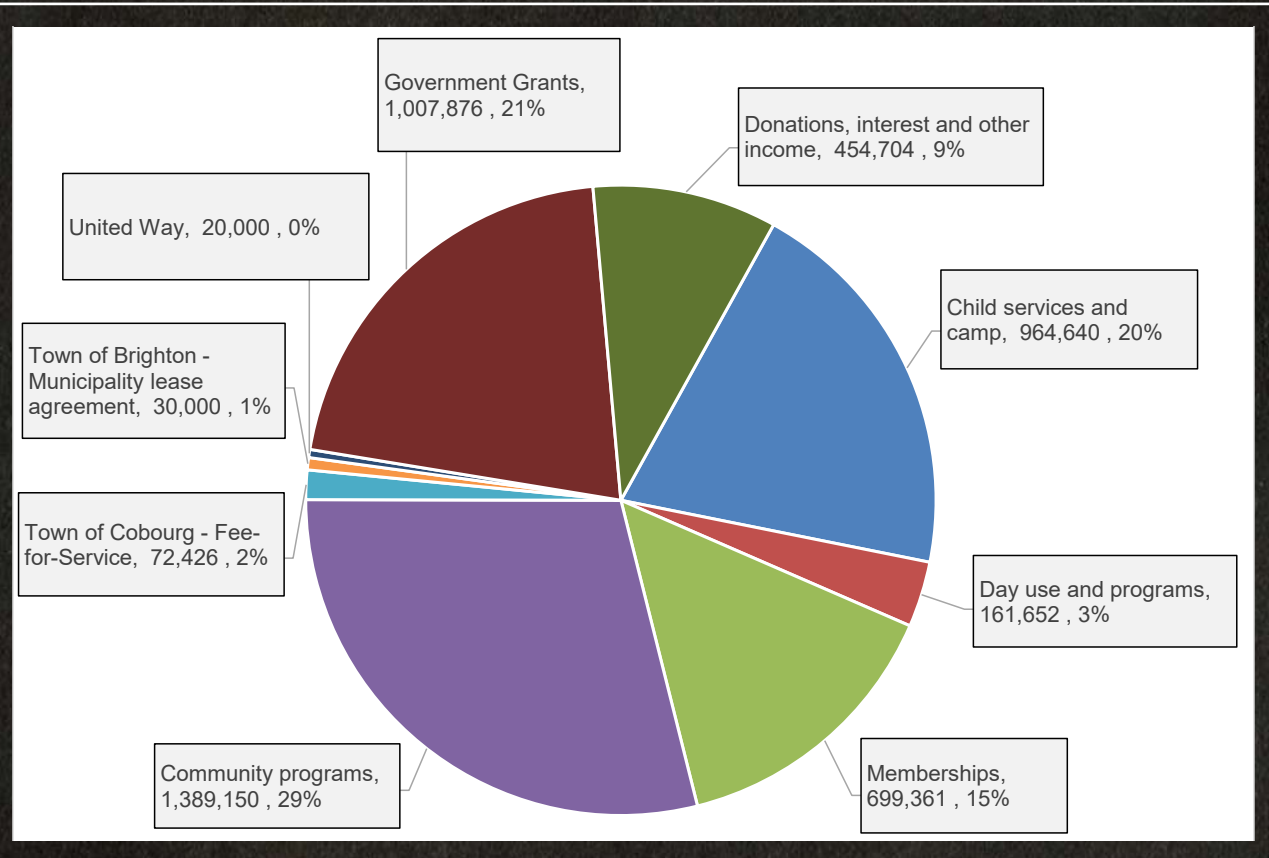

**1897** - The everyday logo from 1897 to 1967 is the red triangle.

**1967** - The Y creates and trademarks the logo with the triangle and bent bar.

# 2019/2020 VOLUTNEERS

*Thank You!*

*Volunteers are central to the work of our YMCA. This year we recognize our volunteers from 2019 and 2020, since the pandemic prevented us from gathering in person for our annual staff and volunteer appreciation event.*

## COMMUNITY PARTNERS PROGRAM

At the YMCA, we know that by working with others, we can extend our reach and provide vital programs and services to even more people in our communities. Through partnerships with other community organizations, businesses, and individuals, we are finding new and innovative ways of meeting the needs of the communities we serve. Through the Community Partners Program, we join forces with like-minded individuals and organizations with a keen interest in Building Strong Kids, Strong Families, and Strong Communities. These partnerships make it possible to share our expertise, knowledge, and resources with each other, and ultimately achieve more than we could alone.
