BOOTCAMP

A type of group physical training program. These programs are designed to build strength and fitness through a variety of types of exercise.

CHAIR STRENGTH

Within this class participants will focus on light resistance training using a variety of accessories such as resistance bands, weighted balls and hand weights. Some balance will be incorporated. All exercises are performed while seated in a chair.

CHAIR YOGA*

Chair yoga, a gentle form of yoga that's done while seated or using a chair for balance, makes the practice more accessible. In chair yoga, it's possible to move into poses like cat/cow, warrior, sun salutations and forward folds, all while seated.

CORE & STRETCH

Let's not forget to relax (a bit). This class contains two workouts; we start with introductory stretching that hits every muscle group, and then we are on the mats for an array of different core experiences that are designed to give you a break from everyday crunchies! Always bring a pencil and workout book to track your progress.

CYCLEFIT

Burn calories and get the heart pumping, ride your way to fitness with great music and motivational instructors.

HIIT

High-intensity interval training will have you giving one hundred percent effort through quick, intense bursts of exercise, followed by short, active recovery periods.

KICKBOXING

A high energy class which combines muscle conditioning with kickboxing combinations of punches and kicks in a variety of drills and exercises.

Class Descriptions

LITE & LIVELY

A low impact, low intensity workout using a combination of movements and light weights to increase strength and develop cardio health.

MUSCLEFIT

A strength-based group fitness class designed to help participants develop muscular endurance and strength for an active lifestyle. Participants use a barbell and plates to challenge their muscles throughout a choreographed strength routine taught to music.

STRONG BODIES
